COVID DATA FEATURE

Improve traveler safety and the efficiency of your trip approval process by including relevant up-to-date Covid information in the evaluation of each trip request. Send any combination of the below data elements to all travelers and approvers to help them make an easy, safe, and well-informed decision.

Choose to provide only important highlights or great detail on country-specific information for all destination and layover countries in a trip request.

For samples of traveler and approver emails, please contact sales@trondent.com.
